

# One on one Synopsis, Cover Letter and Submission to a Publisher Assessment Workshops

**Brook Dunnell**

Held for our participants in two rounds  
on 11th June and 25th June 2023

---

Each workshop was limited to six participants. A key performance indicator for the Emerging Writers Program is ‘At the end of the two-year program at least one emerging writer from the Writers Centre will have successfully submitted their manuscript to a publisher. (It is agreed that ‘successfully’ is defined as an author having a complete, polished manuscript ready to confidently submit to a publisher to consider for their list.)’

These workshops encouraged the participants to prepare their manuscript for submission to a publisher.

The participants were asked to find a suitable publisher for their manuscript and write a submission.

The details of the publisher, the cover letter, synopsis, and anything else that was needed for the submission was given to Brooke Dunnell prior to the workshop for assessment. Brooke gave written feedback on the submissions.

A discussion session allowed the participants to ask relevant questions regarding submitting to a publisher.
